## **WHO WE ARE**

Partners in Housing Solutions is dedicated to helping people experiencing homelessness find and retain permanent housing through a network of private landlords.

## **WHAT WE DO**

Collaborate with community partners to connect unhoused families with children, veterans and individuals to housing resources and benefits.

Procure housing opportunities through our network of landlords. Post-housing, we assist with retention services including supports to landlords who house our clients.

Provide our clients with budgeting tools, tenant training and housing navigation to help them reach self-sufficiency.

Advocate and educate landlords and the community about the issues surrounding homelessness.

We bridge the housing gap between the private and public sectors.
